YOUR STEPS ALONE  
COAST TO COAST  
IN NOVEMBER SUNLIGHT

LULLABY FOR E

*dusk, november sunlight  
shed our clothes along the lake  
paper boats burst into flame, trail black ash across the surface  
we are falling  
clinging to fringes where sand touches water*

*dusk, november sunlight  
autumn drifting down like a burning sheet, crimson above my head  
through cracked round windows, we watch ourselves  
stepping silent toward the frost*
